AlarmOnTest

Speed up your site testing today!

Now there's a quicker way for dealers or subscribers to place an account on test by time. There's no need to call the monitoring station or wait to speak to an alarm agent! AlarmOnTest is web-based and works on a smartphone or PC with just a few simple steps.

Objectives

Provide our dealers and subscribers with the ability to quickly and easily schedule testing for their account(s) through a web browser on any device.

- Schedule a convenient window for testing by designating start/stop time through alarmontest.com
- Schedule testing by zone or system
- Check-on the status of your tests
- Cancel testing at any time
- Get test results upon completion
- Clear tests

1

Ready to Test?

- A. Go to: alarmontest.com
- B. Login: Your CS#
- C. Password: Use your pin or codeword to access your site. This will work for any existing account that is already setup.

Start Date

01/27/2021 04:49 PM 

Find Date

Enter Name to Place Account on Test
